PRESENT: RICHARD MORNEAU, PROTHONOTARY

BETWEEN:

GAÉTAN DELISLE,

Applicant,

AND

D.R.A. SUGRUE

-and-

PHILIP H. MURRAY

-and-

ATTORNEY GENERAL OF CANADA,

Respondents.

**ORDER AND REASONS FOR ORDER**

The purpose of this order is to follow up on Southam Inc.'s request, dated February 19, 1997, that I record in writing the order I made orally in open court on January 13, 1997. In that order, since all of the parties present had consented orally, I allowed an oral application made by counsel for Southam Inc. for leave for that entity to intervene in this case for the following reasons: to oppose a motion on the merits by the Attorney General of Canada seeking an order that this Court's file be kept confidential, and to oppose a motion by the same respondent for the said motion to be heard *in camera*.

In accordance with Rule 1611(3) of the *Federal Court Rules*, any other terms, conditions and directions concerning this intervention will be determined by the Court when the above-mentioned motions by the respondent are resumed.

In future, however, the style of cause in this case must include Southam Inc. as an intervenor.
